## **“Mystique” High Peak Pole Tent Brochure for 2018**

*Party Tents, Pole Tents and Frame Tents, We have your Tent!*

Ohenry Productions Inc. 3859 Chappel Hill Rd. Waco, TX. 76705 254-714-1103

[www.Ohenrytents.com](http://www.Ohenrytents.com)

## Our History

Since 1979 Ohenry productions Inc. has been manufacturing heavy duty vinyl tents for the tent industry. We specialize in the construction of a tent that will endure the abuse of the weather, and the wear and tear of daily use.

We use only top quality first run materials, most of them made right here in the good old U.S.A. Standard sizes are from 15' x 15' to 80' x 300'.

If you need a tent that will stand the test of time, you will be glad when you invest in an Ohenry tent.

Ohenry does not rent tents. We have chosen to concentrate entirely on manufacturing our tents and shipping them worldwide.

The ATF used a donated Ohenry tent for shelter during the Waco standoff with David Koresh. In 2003 Ohenry answered the call when our boys in Afghanistan needed temporary housing. Several semi truck loads of tents were air freighted to Afganistan by the U.S. Army.

Again Ohenry was there with truck loads of tents for use by FEMA during the onslaught of the hurricanes which ravaged Florida in 2004. These tents were delivered to FEMA within 24 hours. Again in 2005 truck loads of Ohenry tents served as temporary housing during hurricane Katrina.

## Our Mission

Our mission at Ohenry Productions is to build the finest tent in the world, at an affordable price. Tents which will endure the test of time, and be simple to install. We use only materials made right here in America whenever possible.

A minimum of 10% of the proceeds of all our gross sales is given to charity. We are involved not only in our local community, but in other countries as well.

Presently, we have completed our investment in the construction of fifteen new churches in Mexico, as well as three churches in Peru! In 2006 we were able to complete the exterior finish including all the windows and doors on a large medical center in central Romania. Also in 2006 we completed construction on our first Romanian church building. Currently we are focusing on a local outreach called Waco Outreach Foundation to assist in charitable projects in our local town.

## Ohenry's "Mystique" Tension Tents

## OHenry's "Mystique" Tension Tents

When you buy the New "Complete set" this includes the tent top, sidewalls, Galvanized side poles, center poles, tent stakes, and a storage bag for the tent top.

Your tent will come with the tent top rolled up, and in a protective bag like the tent sections shown here. Also the side walls will be in a bag.

Your tent will come the 2" webbing straps for the ratchets already attached to the tent top.

OHenry stakes are forged steel stakes with a point on one end, and a round head on the other.

Sidewalls are detachable. Standard walls are 14oz. solid color, or solid white. Also available are Cathedral Window walls, and screen walls. Your tent will come the 2" webbing straps for the ratchets already attached to the tent top.

Side poles are made of quality Galvanized 1.660" diameter 16 Gauge steel tubing. The side pole is lightweight, but extremely strong. Center poles and Quarter poles are made of Galvanized steel tubing 16 gauge and 14 gauge. Each has a plate welded on the top and bottom, and a heavy duty pin welded into the top.

## Ohenry's "Mystique" Tension Tents

The "Mystique" is more elegant than the "traditional" pole Tent.. Below is a photograph of a "traditional" pole tent and a "Mystique" tension tent for comparison.

**Traditional  
50'x80'**

**"Mystique"  
30'x50'**

## Ohenry's "Mystique" Tension Tents

## OHenry Manufacturing Pictures

All the webbings are first sewn onto a strip of tent material, and then welded to the tent top under tension. Here at OHenry, we pioneered this process, and it has been proven to be far superior to the system used by most manufacturers where the webbings are sewn onto the tent top. By welding, all needle perforation is eliminated.

Each tent requires many hours of welding, and sewing.

All OHenry tents are hand made, one at a time. No frantic assembly line here, with impersonal robots. No, each tent is made with lot's of expert care, and attention to detail. We love our tents, and it kind of breaks our heart to have to ship a new tent out, because we know we will never see it again! In 25 years we have never had a tent returned for any defect of workmanship. We believe in quality control throughout the manufacturing process.

We usually have new and used tents in stock! Call now and get yours on it's way to you!
